HYREO TECHNOLOGY PVT.LTD

As a Frontend Developer in a product company, I bring 6+ years of expertise in creating dynamic and user-centric web applications. Proficient in using modern frontend technologies like HTML, CSS, JavaScript, and frameworks like Angular.

Software Engineer

2016-2018

TECH STORE SOLUTIONS PVT. LTD.

Worked as a web designer or developer. UX wireframes and mockups were converted into responsive, interactive elements utilizing HTML/CSS, JavaScript and PHP by the developing team.

PROJECTS

CANDIDATE RELATIONSHIP MANAGEMENT (CRM)

Revolutionize recruitment through candidate relationship-building and data-driven decisions. Optimize hiring processes for scalability and efficiency. Collaborate for industry-leading results. (Angular 15,Typescript, Tailwind css, HTML5 & Keycloak integration)

INTELLIGENCE INTERVIEW MANAGER (IIM)

IIM is a self-sign-up module for companies for running seamless weekend virtual walk-in drives. Can create events and candidates can auto-schedule their interview through the hyreo chat bot. Candidates can attend virtual interviews from this system. Candidates get live status on their interview via email and chat bot (Angular 14+, Typescript, Tailwind css,HTML5)

HYREO POST OFFER SOLUTIONS

Reduce pre-onboarding anxiety and provide a standardized, efficient post-selection procedure supported by an AI chat bot companion. Use a sophisticated ticketing engine to address issues.By distributing content via a chat bot, you may improve the applicant experience and encourage collaboration. (HTML5,Css3,jQuery,Bootstrap,Javascript)
