Summary

Innovative and dedicated Frontend Developer with over six years of experience, specializing in TypeScript, **Angular 15**, and dynamic UI frameworks. Proven ability to deliver high-performance applications through clear, efficient, and error-free code. Known for leading cross-functional teams and mentoring junior developers, inspiring top-tier results. Adept at transforming design concepts into interactive digital experiences while promoting continuous improvement and collaboration within teams.

Experience

Technology Specialist

Hyreo *July 2022 - Present*

- I. Spearheaded the development of user-facing elements for web applications, focusing on interactive design and seamless user experiences with **Angular V.15.0** and **Tailwind Css**.
- II. Led a team of 5 developers and designers, driving innovation, fostering professional growth, and ensuring timely project delivery.
- III. Experienced in consuming **RESTful APIs** using Angular's HttpClient module to fetch, update, and manage data efficiently in the application.
- IV. Successfully integrated **Keycloak** and Jitsi into Angular applications, streamlining authentication and video conferencing features.
- V. Develop a **Design system** in Angular for Project Helix, including a collection of reusable components and a defined set of color variables.
- VI. Optimize performance with lazy loading, AOT compilation, tree shaking, and code splitting to reduce bundle size. Improve efficiency with OnPush change detection and minimized DOM manipulations.
- VII. **Deployment Execution:** Proficient in executing **manual deployments** for Angular applications, ensuring smooth transitions through different environments (development, staging).
- VIII. Worked closely with DevOps teams for CI/CD pipeline setup, ensuring alignment with project requirements and best practices.
- IX. Conducted post-deployment validations, including functional checks and basic smoke testing, to confirm successful releases.
- X. **Technical Skills:** Angular V15.0, TypeScript, RxJs, Tailwind CSS, HTML5, CSS3, JavaScript, Bootstrap(ngx-bootstrap)

Senior Software Engineer

Hyreo *July 2021 - July 2022 (1 year 1 month)*

- I. Played a key role in developing Hyreo's Post Offer Solution product, enhancing the pre-onboarding process through AI-driven chatbots.

- II. Managed the implementation of an advanced ticketing system to resolve post-selection issues efficiently.
- III. Began hands-on experience with **Angular 14.0** framework development.
- IV. **Technical Skills:** HTML5, CSS3, jQuery, Bootstrap, JavaScript

Frontend Developer

Hyreo *Apr 2019 - July 2021 (2 years 4 months)*

- I. Designed and developed UI wireframes and implemented new interactive screens, significantly improving user engagement.
- II. Contributed to upgrading the ATS system with additional features to enhance usability.
- III. Recognized for outstanding contributions to the company's growth and innovation.
- IV. **Technical Skills:** HTML5, CSS3, jQuery, JavaScript, Ajax

Software Engineer

Tech Store Solutions Pvt.Ltd

June 2016 - Apr 2018 (1 year 11 months)

- I. Translated UX wireframes and mockups into fully responsive, interactive UI components using **HTML, CSS, JavaScript, and PHP**.
- II. Awarded "Employee of the Month" in September 2016 for excellence in project delivery and innovation.

Education

Cochin University of Science and Technology

B-tech, | Computer Science & Engineering | 2012 - 2016

CGPA: 7.06

Key Skills

- **Languages & Frameworks:** TypeScript, Angular, JavaScript, HTML5, CSS3, RxJs, Node.js, AJAX, Tailwind CSS, jQuery
- **Tools & Software:** Figma, Bootstrap
- **Frontend Development:** UX/UI Design, Wireframing, Responsive Design, Cross-functional Team Collaboration
